Bureau of Professional Standards
Internal Affairs Unit

*Summary of Major Disciplinary Matters **Adjudicated** between January 1, 2020 and June 14, 2020*

Matter # 1:

One member forfeited their employment with the department as a condition of pleading guilty to a criminal charge levied by the Middlesex County Prosecutors Office. The pending disciplinary action by this department was void because of the plea agreement.

(June 15, 2021)

Internal Affairs investigations will not always be completed in the calendar year the investigation commenced. Discipline is subject to a defined process, which may include a member's right to a hearing. These factors, and others, may delay the actual enforcement of the discipline into a future reporting calendar year. The **Summary of Major Disciplinary Matters** will report the discipline in the year the matter was fully adjudicated, and not necessarily the calendar year that the Internal Affairs Complaint was filed.
