*Summary of Major Disciplinary Matters **Adjudicated** between June 15, 2020 and December 31, 2020*

There was no major discipline administered between June 15, 2020 and December 31, 2020

(June 15, 2021)

Internal Affairs investigations will not always be completed in the calendar year the investigation commenced. Discipline is subject to a defined process, which may include a member's right to a hearing. These factors, and others, may delay the actual enforcement of the discipline into a future reporting calendar year. The **Summary of Major Disciplinary Matters** will report the discipline in the year the matter was fully adjudicated, and not necessarily the calendar year that the Internal Affairs Complaint was filed.
